Good Morning:

Please note the February 2017 dates for training in Puerto Rico. The November 2015 dates were a placeholder to initially get started on organizing.

Copied to the calendar invite are the EPA training/exercise planners and management. Amy Dean and Brian O'Donnell from ECBC are now copied to the invite and will be part of the planning team.

Planners, please respond directly to me and let me know if you are available for an initial phone conference next Thursday, August 18th at 1:00pm.

The draft agenda is below and attached based on our training/exercise held in Edison, NJ last year. Thanks
